Xinchang Peak Bearings Co., Ltd is an ISO9002 & QS9000 certified quality bearing manufacturer, which is located at the tourist city—Xinchang, one of the Chinese Bearing Production Bases. As a subsidiary of Zhejiang Xingzhou Industrial Co., Ltd, our company mainly produces deep groove ball bearings, water pump bearings, one-way bearings, clutch release bearings, tensioner bearings, automotive air-conditioning compressor bearings, thrust ball and roller bearings, tapered roller bearings, wheel hub bearings, insert bearings, pillow blocks, oscillating rod end bearings, spherical plain bearings as well as many other special non-standard ball bearings and mechanical parts with an annual output of over 20 million pieces, which are widely used in such markets as household appliances, automobiles, motorcycles, agricultural machinery, power tools, printing machinery, conveyor systems and so on.

With a land area of 35,000 square meters, a total fixed assets of RMB60 million and over 500 employees, the company has been in the bearing industry for 35 years since its parent company foundation in 1969. It has 8 manufacturing plants as well as a Bearing Quality Inspection & Testing Center. It possesses of advanced grinding machines for special bearing production, which were imported from Japan and Germany. All products are designed and manufactured strictly in accordance with the international standards. The product quality enjoys full trust from our customers.

We abide by our quality policy-- “Endlessly Improve on Quality of Products and Service to Win Markets by Quality; Supply the Products that Exceed Customers Expectations to Satisfy Customers”. We warmly welcome worldwide customers both old and new to discuss business with us and to put forward your valuable comments in order for us to reach a new height!
